MIT Co., Ltd. Hannover Messe 2024 Industrial Trade Fair Finishes

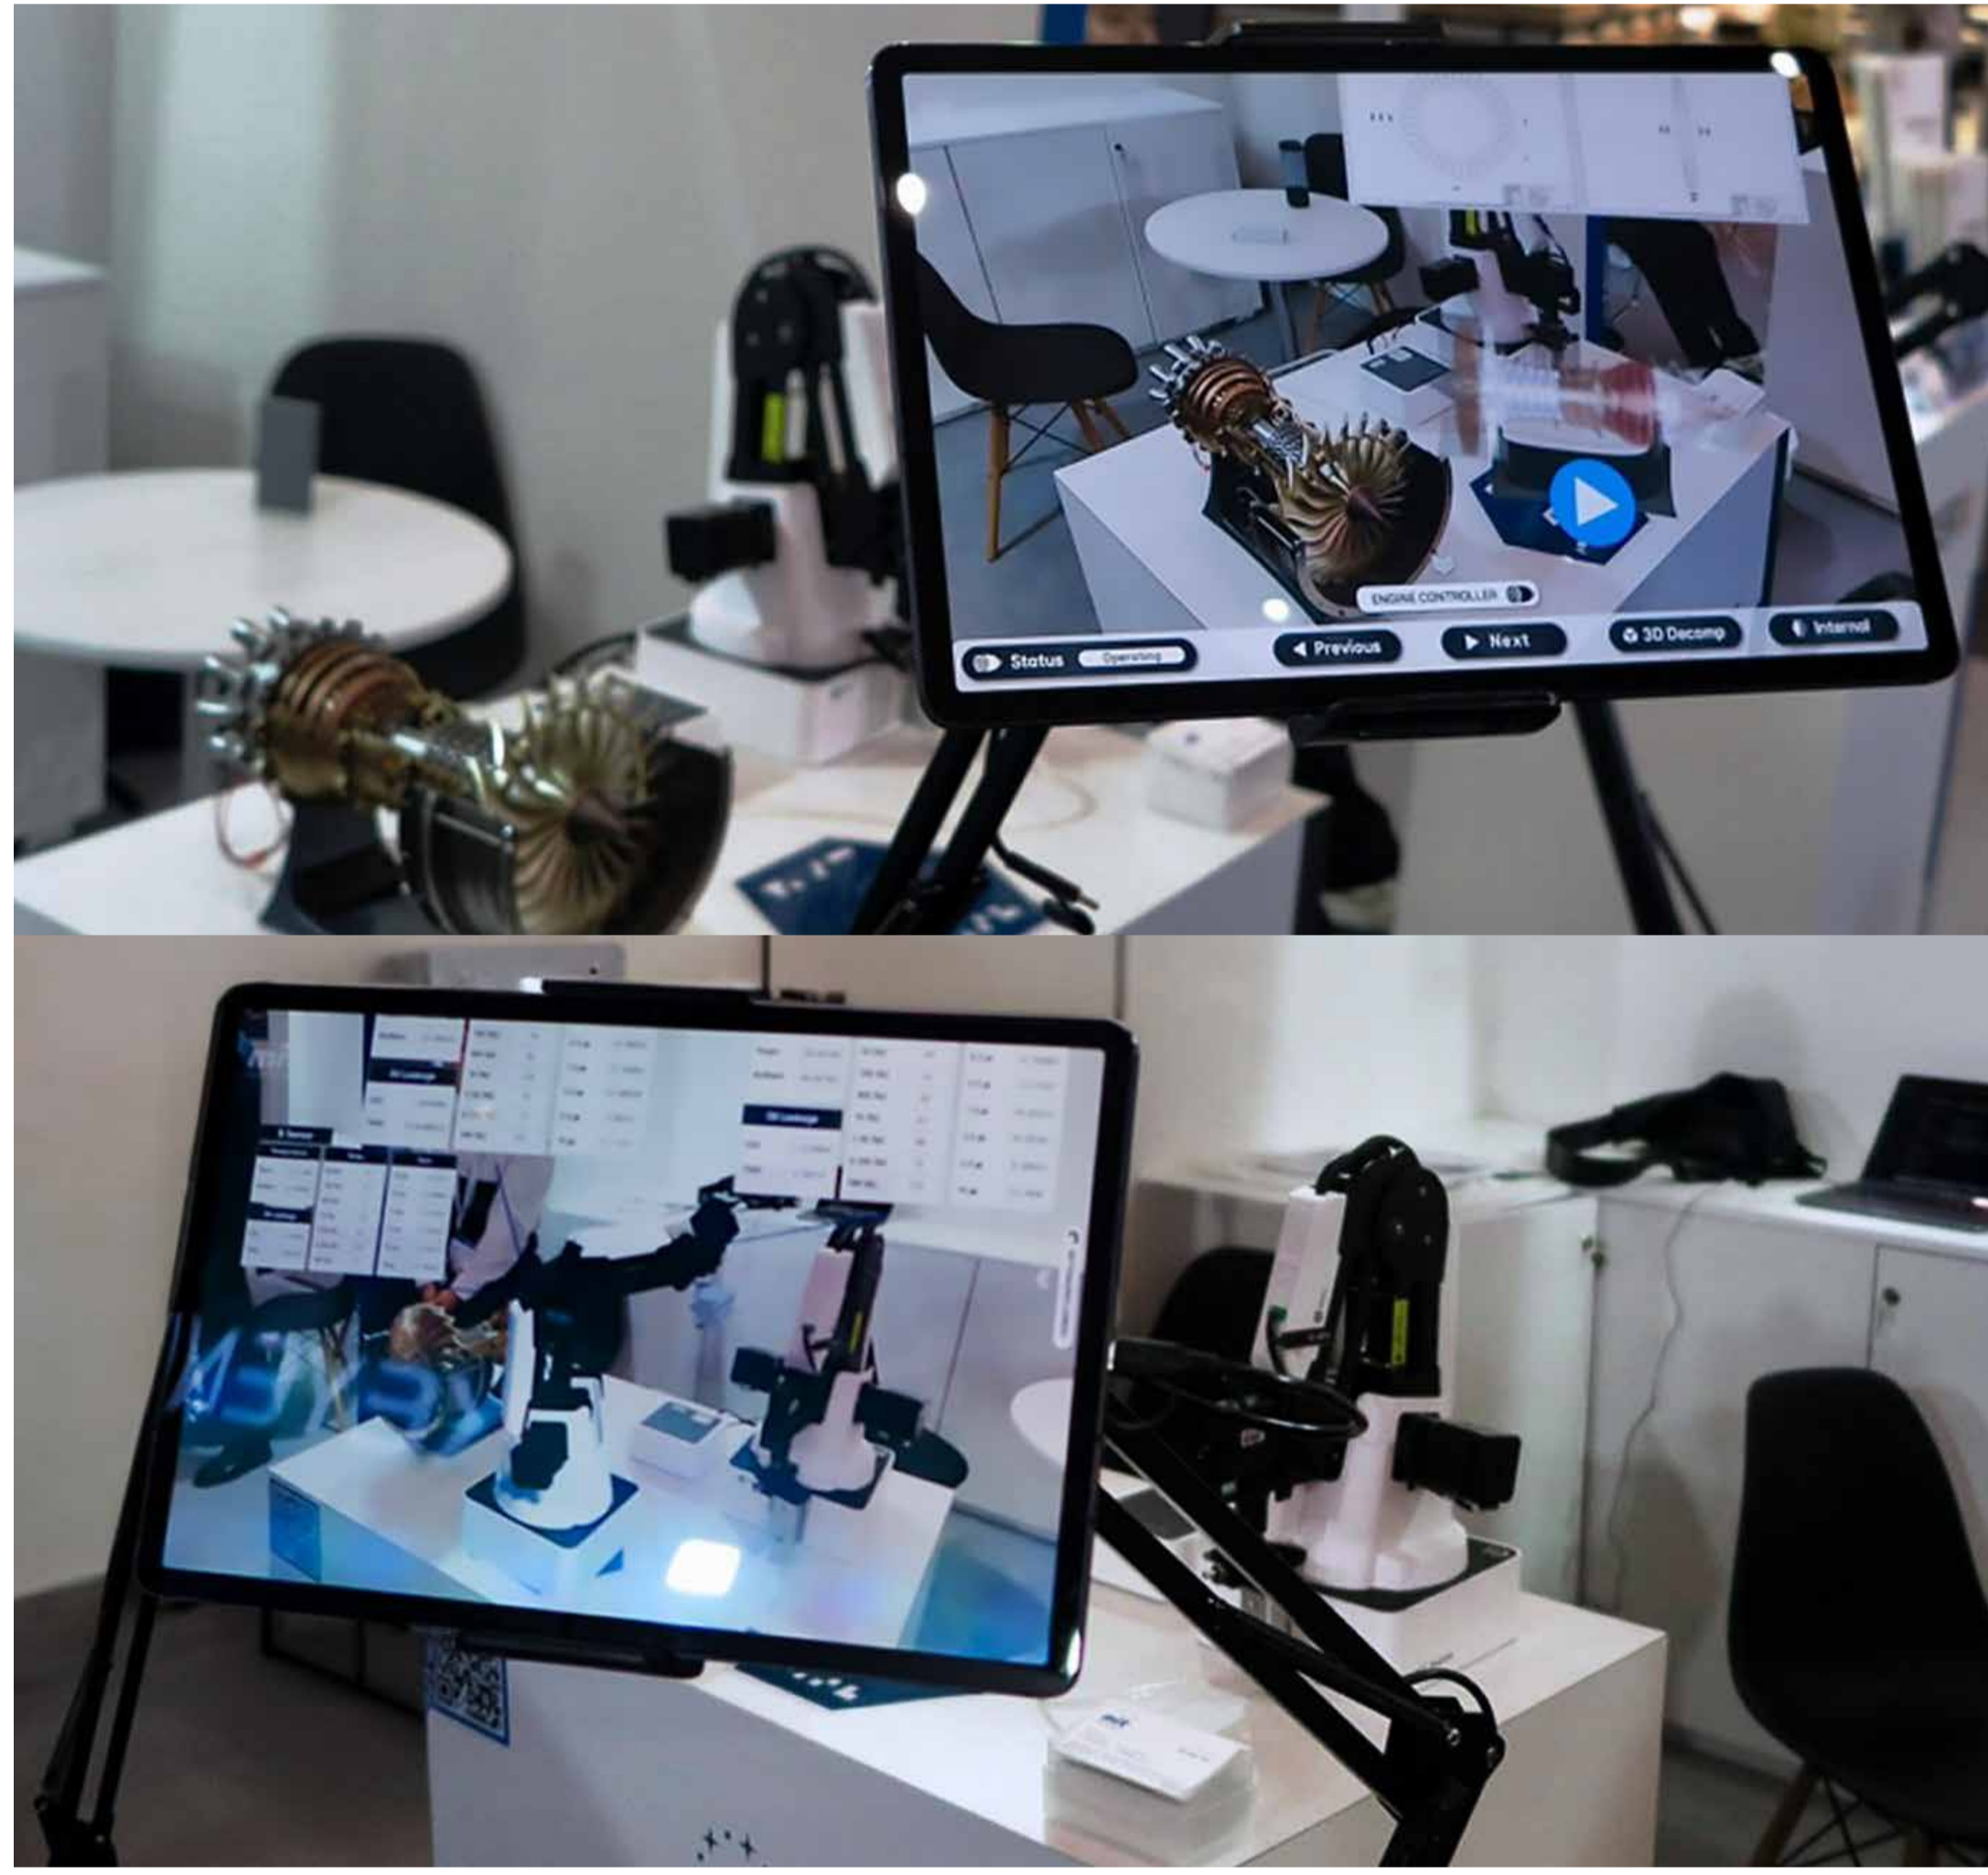

Date & Time : Apr 22th (Mon) ~ 26th (Fri)

Venue : Hannover, Exhibition Grounds, 9 Hall

We would like to thank everyone for their interest in the successful completion of 'Hannover Messe 2024', the world's largest manufacturing fair held in Hannover, Germany from April 22nd to 26th.

In addition, we will show you the contents of MIT's exhibition.

MIT Co., Ltd. Hannover Messe 2024

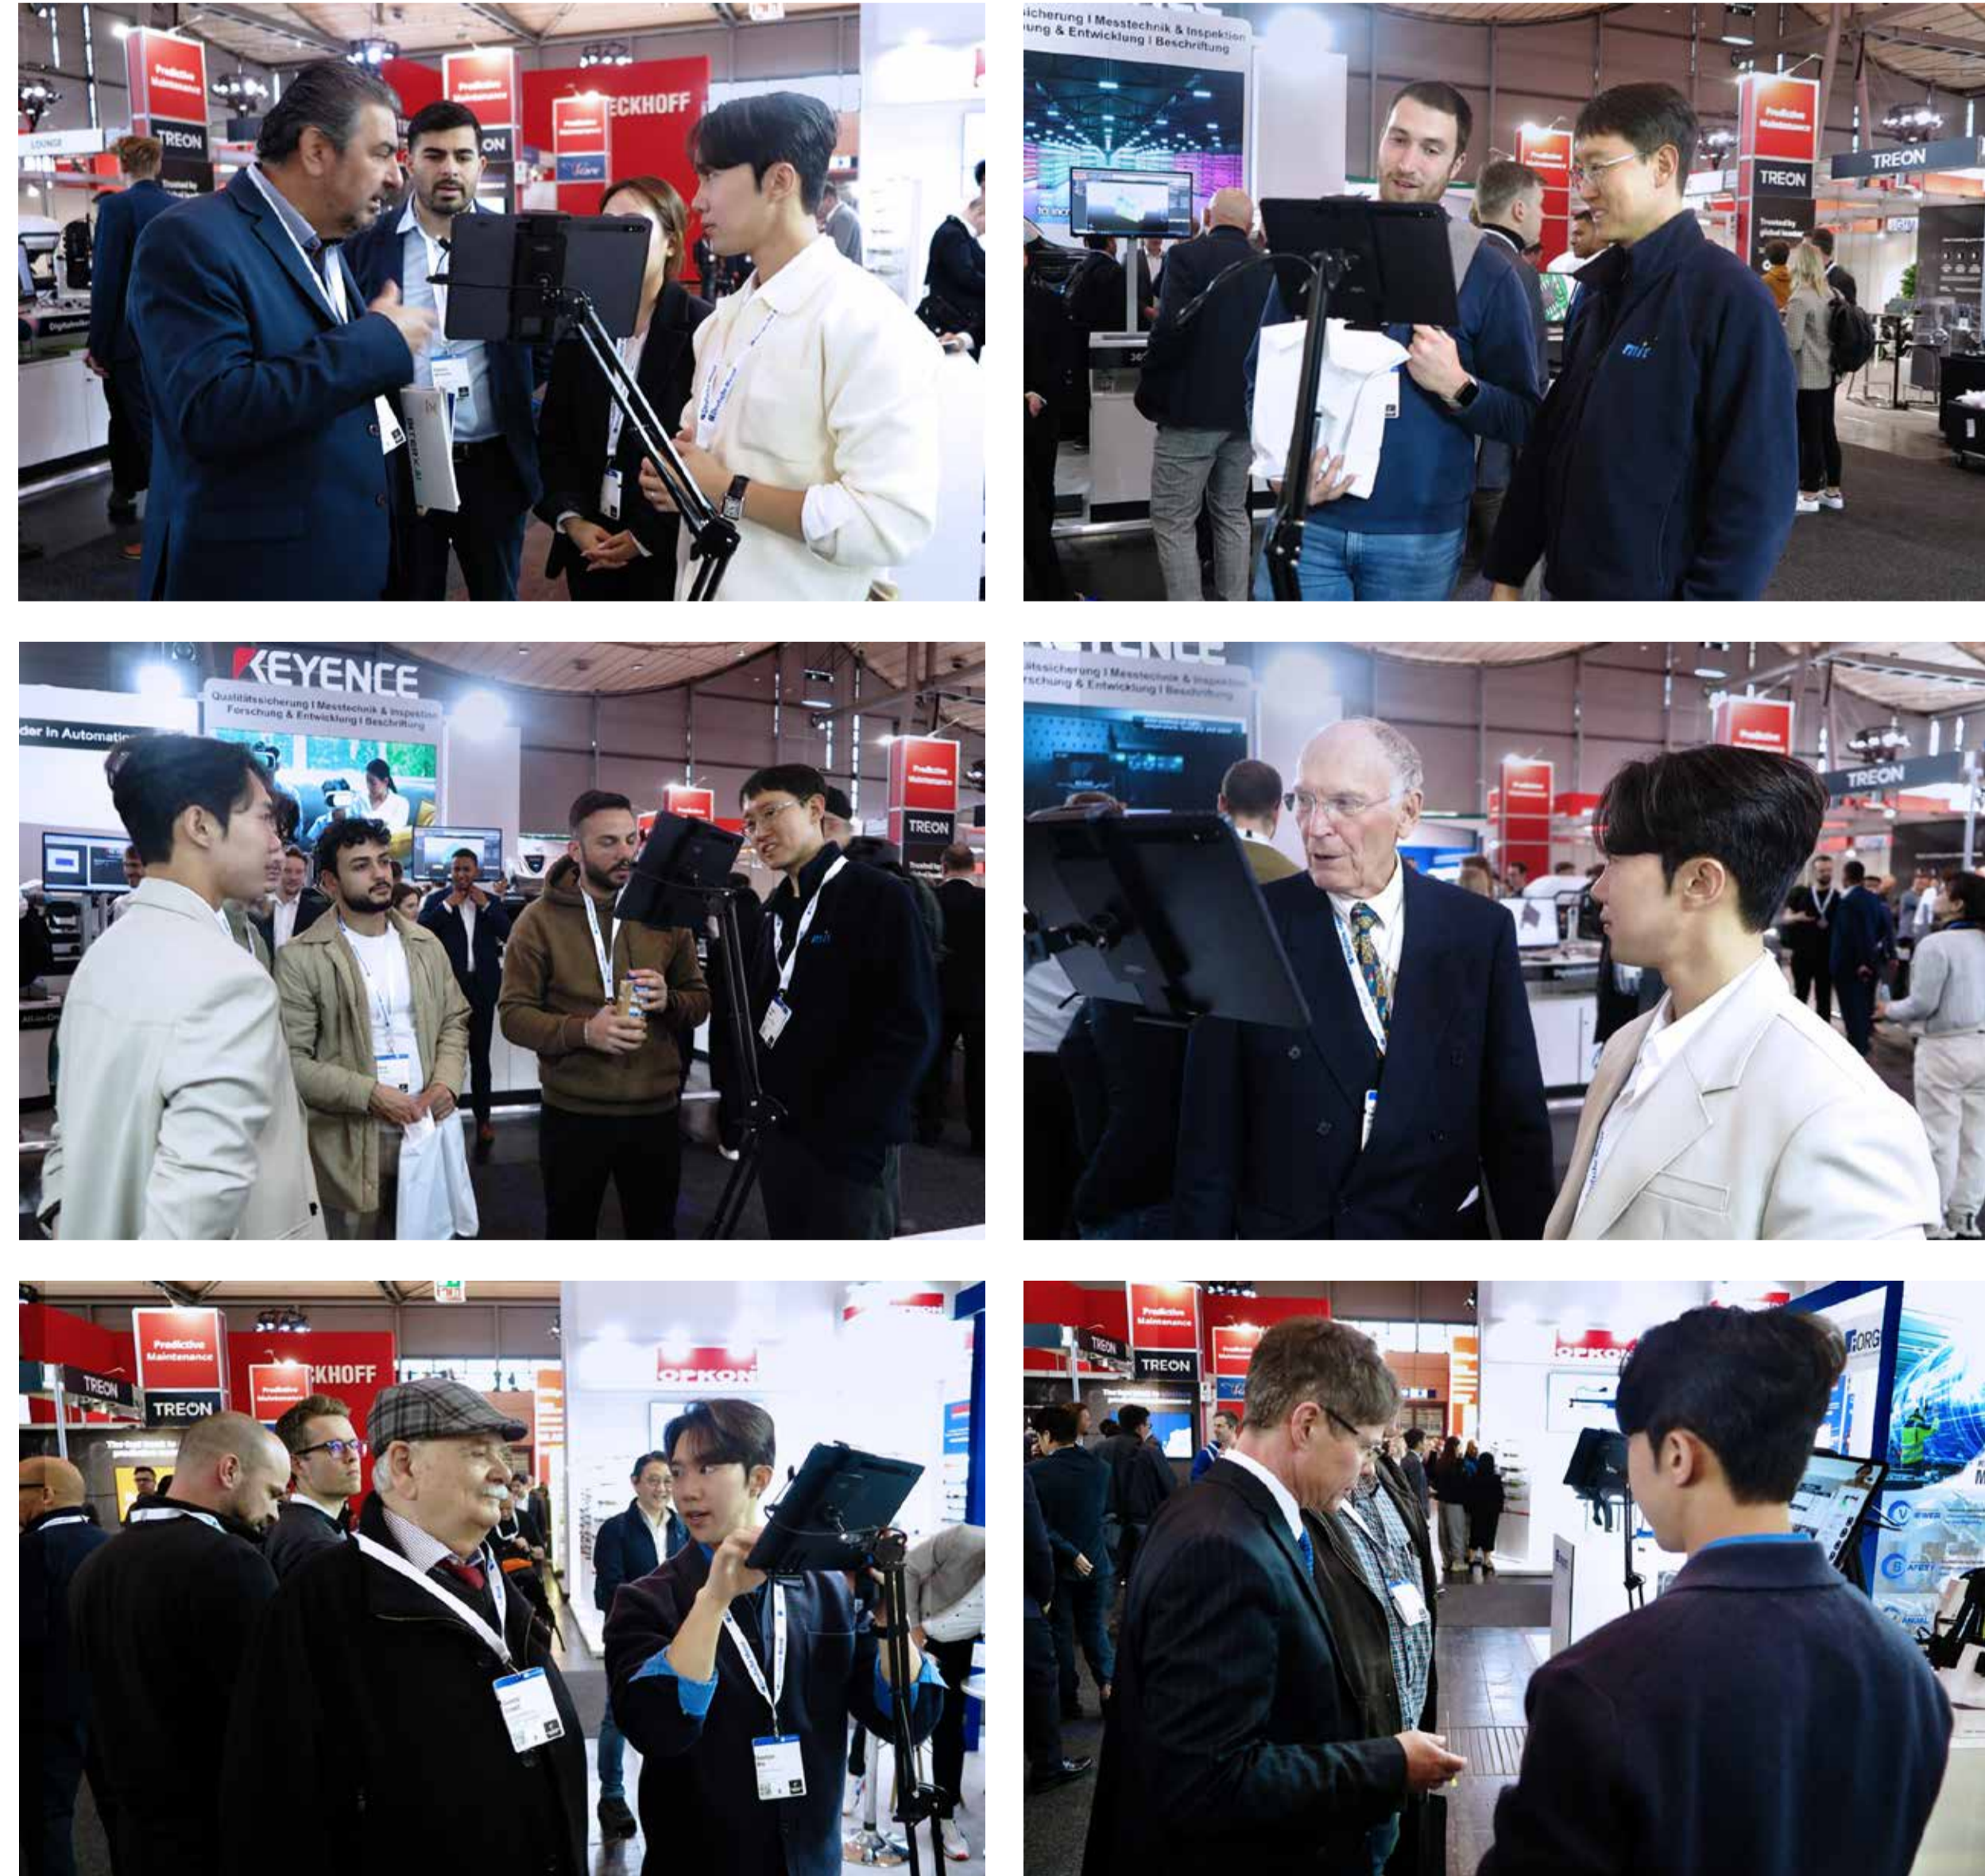

MIT's XR Solution Brings about Change In the Industrial Field.

We received a lot of attention from visitors by introducing innovative industrial XR solution technology with high versatility in various forms.

We demonstrated through a demonstration how MIT's unique XR technology is actually applied in industrial site to improve work efficiency and problem solving.

MIT Co., Ltd. Hannover Messe 2024

Expanding Global Networking Opportunities and Strengthening Global Partnerships.

Building strategic business relationships for new innovations.

At a gathering of over 4,000 companies and over 130,000 people from around the world, officials from many global companies visited MIT's booth.

We will spare no effort in providing technical support to create the optimal solution that meets the needs of visiting domestic and foreign buyers.

MIT will lead technological innovation and go beyond simply introducing technology, developing more advanced technologies through cooperation with global industries and being the first to lead changes in the industrial field.
